Where a resource is provided with no capacity for edits, it is provided “as is” and no alterations or amendments are permitted.

## Neighbours Every Day resources (co-brandable)

A number of additional resources and devices are made available free of charge on the Neighbours Every Day website as “co-brandable” resources for use by Councils and Community Organisations.

The available devices include:

- Co-brandable materials that are provided in PDF format, but which allow addition of relevant information including a logo. (These resources are clearly labelled as ‘co-brandable’ and only those which are labelled in such a way should be used for this purpose).

Co-brandable social media tiles and images which are provided in JPG/PNG format, but which allow space for, or addition to, an organisation’s own imagery and resources. (These resources are clearly labelled as ‘co-brandable’ and only those which are labelled in such a way should be used for this purpose).

## Permitted Uses

Where a resource is provided as ‘co-brandable’ and in an editable format, or where it is clearly intended to allow for additions of, or to be added to, a council or community organisation’s own imagery and resources, the integrity of the resource must be preserved, but it may be used alongside the organisation’s own content. Any such use must also comply with the standard permitted uses outlined above.

## Neighbours Every Day and Neighbour Day logos

Where an organisation seeks to use the Neighbours Every Day and/or Neighbour day logos, including by applying them to the organisation’s own materials, website and other publications, we request that you first seek permission in writing from Relationships Australia by emailing your request to us at [srobinson@relationships.org.au](mailto:srobinson@relationships.org.au).

We encourage building positive and sustainable social connections and respectful relationships and believe that by sharing our resources and devices for the above permitted uses can assist in this mission.

**We all need each other to belong.**
